

□□

Design Recommendations for the WCI Regional Cap-and-Trade Program - [Complete Report with Appendices](#) □□ [122 pp]

*Note: Corrections have been issued to the September 23, 2008 version of the Design Recommendations. The document has been revised and posted here on March 13, 2009. A summary of the revisions made to the text in Sections 1.2.5, 2.4, and 8.10 is available [here](#). This corrected document includes the revision previously made on November 10 to include the correct estimates for fuel expenditures in Table B-10 in Appendix B.*
